

Thank you volunteers and donors for making
2019 a fabulous year for
Friendship Gardens/Headwaters Health Care Centre !!

Our beautiful dry stone wall, funded by two women, built by Eric Landman and John Bland.

Handmade benches by Ralph Manktelow

Jim Menken carved this delightful bear for the Kids Garden. It was sponsored by a generous longtime donor.

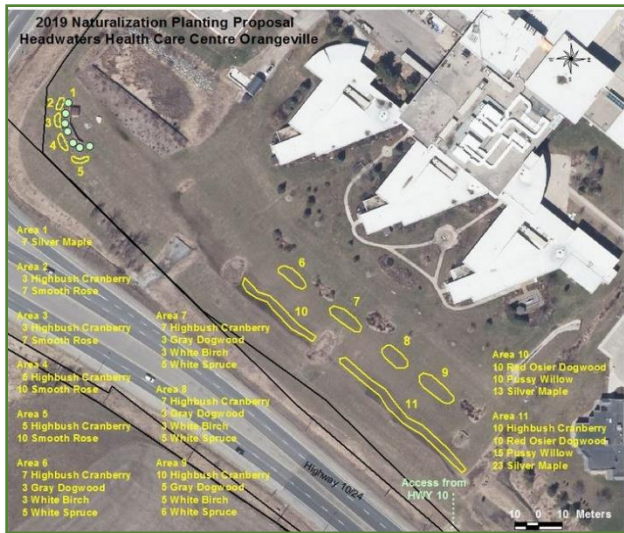

Rotary Orangeville, Devonleigh Homes and Whispering Pines worked together to build this beautiful pavilion with benches, 24-hour lighting and landscaping for those people using emergency and nearby departments.

'Follow Your Dreams', donated by Orangeville Home Hardware and pollinator garden planted by students from CDDHS.

Volunteers planting pollinators.

Credit Valley Conservation partnered with Friendship Gardens to plan and plant 200+ native saplings and shrubs along the hill and gully for Headwaters Healthcare Centre.

Home Depot Orangeville and regional staff volunteered their time to weed, mulch and edge the Hillside Gardens and restore the tool shed.

Friendship Gardens is a group of volunteers, not affiliated with any other group. Our only function and goal is to build and maintain the 20 gardens and over 400 trees on the hospital property in a productive, natural way.

The hospital has given us a budget for the past few years we have allocated towards the infrastructure costs. We raise the money for the building and maintenance of the gardens, new projects, planting of new trees and most of arborist care.

PLANNED PROJECTS FOR 2020:

- ***Naturalization areas with select grasses and wildflowers as recommended by Credit Valley Conservation and/or University of Guelph landscape students/professor***
- ***Video of the history of the gardens, trees, grounds and dedications***
- ***Douglas Fir portable arbour and recycled plastic Adirondack chairs for more seating outside of Garden of Hope/Oncology area***
- ***Possibly develop a telephone app by University of Waterloo for people to walk through the gardens and grounds and be able to identify species, dedications etc***
